OFFICE OF THE VICE-CHANCELLOR

NOTICE TO ALL KeMU STUDENTS – 17TH JUNE 2019

RE: GSUITE FOR EDUCATION FOR ALL STUDENTS

The University has partnered with Google to implement GSUITE for Education. This provides a suite of free Google applications and productivity tools that will enable you to communicate, share and collaborate better. All students will from now have access to the following services:

1. Gmail – customized @stu.kemu.ac.ke email account which provides gigabytes of email storage, highly effective spam filtering and powerful search with integrated voice and video chat.
2. Google drive- allows you to store all your work in one secure place with online file storage. Access your work whenever you need it, from your laptop, tablet or phone.
3. Google Classroom- Classroom saves time and paper and makes it easy to view assignments posted by the Lecturer, communicate, and stay organized.
4. Google Calendar - allows easy coordination of work or class schedules, meetings and events online;
5. Google Docs - allows students to create and collaborate on documents, spreadsheets, presentations, forms, and drawings in real-time as well as upload and share any file type.
6. Google Sites - develop and customize rich websites and embed Google Docs, Google Calendars, videos, and other media.
7. Google Groups - create mailing lists and discussion forums allowing students and lecturers to easily and efficiently share documents, calendars, sites, and media with specific groups.

The University has adopted this service as the official mode of communication to all students. Therefore all students are required to constantly check their accounts for information. By this communication all students are advised to activate their email accounts whose details have been provided on the students' portal or by contacting ICT staff in respective campuses.

More information is available on the University website www.kemu.ac.ke or by sending an email to ict.support@kemu.ac.ke
